## Anciana perdió hasta los dientes tras caerse en Terminal de Ceiba

La octogenaria recibió golpes en rodilla, hombro y rostro también.

García confirmó la excelente asistencia del personal de DTOP, sobre todo de Pimentel y Brunilda Guerra, esta última la acompañó al hospital y estuvo hasta el final del chequeo. (Suministrada)

**Nota de archivo:** esta historia fue publicada hace más de 1 año.

Por Cesiach López Maldonado

2 de mayo de 2019 · 5:49pm

El pasado jueves, Felicita García, de 84 años de edad, sufrió una caída mientras caminaba por el Terminal de Lanchas de Ceiba hacia un vehículo que la llevaría a una cita médica.

“Fue horrible. Ya había caminado el tramo largo que está como en cemento fresco y estaba cerca de llegar al área de los carros públicos porque había un carro de

Transita esperándome para llevarme a mi endocrinólogo en Fajardo. Fue entonces cuando tropecé y caí al piso de lado", relató la residente de Vieques.

La octogenaria recibió golpes en rodilla, hombro y rostro y hasta perdió cuatro dientes en el incidente.

"Me trasladaron al Hospital HIMA San Pablo de Fajardo y los estudios reflejaron una fractura en el hombro. También perdí cuatro dientes que eran implantes, me duele la cara, la rodilla y todo el lado derecho del cuerpo. Estoy muy adolorida", dijo la afectada, quien asegura que empleados del hospital le comentaron que varias personas han sido trasladadas a la entidad por accidentes en el Terminal de Lanchas de Ceiba.

Primera Hora buscó reacciones al incidente y, Ana Pimentel, la supervisora del Departamento de Transportación y Obras Públicas (DTOP) que se encontraba de turno, nos indicó que el suceso fue atendido con rapidez y que se le brindó la asistencia necesaria a la accidentada.

"Le dije que porqué no solicitó la ayuda para ir a recogerla porque se nos dio un carrito de golf para ayudar a personas que no puedan caminar", sostuvo Pimentel, quien añadió que "en rampa siempre hay un guardia de seguridad, las personas que tengan problemas tienen que decirle lo que necesitan y este se comunica con un supervisor para ir con el carrito a recogerlos y traerlos al frente. Si es que necesitan ayuda con los paquetes, le enviamos personal que le ayuden.

"Siempre hay una queja general porque no saben que tenemos ese servicio y es que no tenemos suficientes carritos para todos, pero el que de verdad lo necesite puede solicitarlo", informó la supervisora de DTOP.

Por su parte, García confirmó la excelente asistencia del personal de DTOP, sobre todo de Pimentel y Brunilda Guerra, esta última la acompañó al hospital y estuvo hasta el final del chequeo. No obstante, doña Felicita alegó desconocer que podía solicitar ayuda para su transportación en el terminal y responsabilizó a ATM de su accidente.

"Una de las empleadas me hizo el comentario, yo desconocía que había ese servicio pero el deber de ellos es darlo y no sucedió así. Hace tiempo que venimos

protestando por la distancia que caminamos y lo peligroso de coger un carro.

Desafortunadamente me ocurrió a mí. Definitivamente ese servicio se comenzó sin tener nada de facilidades, en este momento ni si quiera baños hay uno no está en contra del proceso pero no puede ser para maltratar a los usuarios. Esto es un trato injusto", concluyó la afectada.

De luto, así está la isla municipio de Vieques tras la inesperada muerte del ciudadano Gregorio García, quien sufrió un percance de salud mientras espera por el transporte marítimo en el terminal de lanchas de Ceiba y en espera por ayuda médica por casi una hora. Ciudadanos denunciaron la situación por las redes sociales, mientras entrevistado por NotiUno 630, el líder viequense Ismael Guadalupe, lamentó los hechos.

Entrevistado por NotiUno, el comisionado de Emergencias Médicas, Guillermo Torruellas, informó que iniciaron una investigación de los protocolos seguidos.

Entrevistado por NotiUno, el comisionado de Emergencias Médicas, Guillermo Torruellas,

informó que iniciaron una investigación de los protocolos seguidos.

Torruellas detalló que pues tras reportarse la emergencia no se activó la ayuda del estado, y si la del municipio de Ceiba.

MOTION TO FILE EXHIBIT #18 ON COVID 19 HIGH RISK FOR VIEQUES

Respectfully, to the Honorable Court, it is imperative to acknowledge another MODERN  
LEGAL GENOCIDE ACT AGAINST VIEQUES... FEMA grant Vieques \$39.9 millions to Vieques  
because the Hospital was demolished by Hurricane Maria and the Commonwealth's  
politicians hold back the Assistance for another political indecent scam...

Your honor Please read the news report about a 13 years old lost her life 2 years later while  
the Community beg Fema to rush and after the young girl death... they came to Vieques and  
make so many promises BUT THEY HAVE TO FOLLOW THE COMMONWEALTH' POLITICIANS  
best desires for Vieques and they said in the Town meeting that in 4 Years they will begin the  
construction...

Look at the date on the News Report and suddenly COVID 19, putting our Community at  
HIGH RISK CORONAVIRUS WITHOUT A HOSPITAL... The Community accepted the challenge  
and prepared the Town Refuge as a Dispensary and since Hurricane Maria that is all Vieques  
has for Medical Necessities...

At today, the \$39.5 million disappeared too and we are facing COVID 19, as a HIGH RISK  
CORONAVIRUS 911 COMMUNITY BUT WHO CARES BUT GOD and probably you'll Grant  
Vieques Island the opportunity to life, liberty, and the PURSUIT of Happiness by ourselves...

We have present you the best the Commonwealth of Puerto Rico have done for Vieques...  
Thanks

Irreparable  
Damage

A memorial to Jaideliz Moreno Ventura. Courtesy of Marion Fischer  
Jan. 21, 2020, 6:30 PM -04 / Updated Jan. 21, 2020, 6:36 PM -04  
By Nicole Acevedo and Gabe Gutierrez

The Federal Emergency Management Agency approved \$39.5 million in funds to help Vieques, Puerto Rico, rebuild its only hospital, nearly three years after it was destroyed by Hurricane Maria.

Even though the Susana Centeno community health center historically lacked a formal "hospital" designation, it housed the small island's clinic for veterans, as well as the only labor and delivery room in Vieques, located about seven miles off Puerto Rico's eastern coast.

The announcement comes nearly two weeks after Jaideliz Moreno Ventura, 13, died after lacking proper medical equipment and facilities in Vieques, where she lived, to treat flu-like symptoms.

Even though FEMA did not acknowledge her death in its statement Tuesday afternoon, José Miguel Ventura, Jaideliz's cousin, told NBC News he was happy to hear that her death was having an impact.

"It's very good news," he said. "But this government is so corrupt, it can be hard to know what they'll use the money for."

"Money seems to disappear here," Ventura added.

Rep. Nydia Velázquez, D-N.Y., and several other lawmakers have been pressing FEMA for months to release aid for Vieques to rebuild its hospital.

Irreparable Damage

"It is tragic that this funding was not released until after we lost one young life due to inadequate medical service on Vieques. I'll continue watching to see that this project moves forward quickly," Velázquez told NBC News in a statement.
